in a clear plastic bag labeled with child's name
OPTIONAL Texas Instruments TI-30XIIS Calculator for Math

***TI – 30X IIS Texas Instruments Calculator

The Penn Manor School District provides a TI – 30X IIS Texas Instruments calculator for students in grades 4 through 6. However, the teachers recommend that students purchase their own scientific calculator that will be used in grades 4 through 6. In seventh grade, all Marticville Middle School students are required to purchase his or her own scientific TI – 30X IIS Texas Instruments calculator. Just think, the earlier you buy your child their own scientific calculator, the more use for the money!

The calculator you purchase MUST be a TI – 30X IIS Texas Instruments calculator so all the students are learning the same functions (see image).

The calculator can be found for about \$15.00 and in multiple colors at Target, Wal-Mart, Office Max, Staples, and other office supply stores.
